cyclones and other disasters
happen throughout Australia.
When these disasters strike,
do you find yourself asking,
'HOW CAN I HELP?'**

ANGLICARE NSW SOUTH | NSW WEST | ACT

Disaster Recovery

supporting our local community

WHAT WE DO

Anglicare NSW South, NSW West & ACT is a Christian organisation that mobilises trained volunteers to assist communities during times of crisis and disaster. As an official partner under both the NSW and ACT emergency plans, Anglicare provides valuable assistance at evacuation and recovery centres; outreach to disaster affected communities; provision of basic material aid (NSW only), care, comfort and a listening ear; practical support and information and referrals to other services.

OUR VOLUNTEERS

Disaster Recovery suits people at all stages of life. Volunteering is on an "as needed" basis when disasters occur. No regular attendance is required.

VOLUNTEERS HAVE THE OPPORTUNITY TO:

- make new friends as part of a committed and inclusive team
- learn new skills
- assist in evacuation and recovery centres when activated
- be part of community recovery
- make a genuine difference in local communities
- provide care and support to impacted individuals and families in their time of need

You have the power to make a difference to those impacted by major emergencies

Become a Disaster Recovery Volunteer with Anglicare.

HOW WE EQUIP & SUPPORT YOU

Disaster Recovery volunteers are required to complete a one-day training (either on-line, face-to-face or a combination of both) and participate in periodic team meetings and regional exercises. Training is required to ensure volunteers have the necessary skills and knowledge in preparation for any emergency situation. Disaster Recovery volunteer accreditation usually lasts for three years and training days for new volunteers are held regularly.

Volunteers are required to hold a current National Criminal History Check and a Working With Vulnerable People registration (ACT) or Working With Children Check (NSW). These checks are free for volunteers.
